Agreeable to previous notice, the Merrimack County delegation met in City Hall, Concord, N. H., July 1st at eleven o'clock in the forenoon. The meeting was called to order by the chairman, Dr. F. A. Stillings.

The committee previously appointed made the following report:

To the Merrimack County Convention,

Gentlemen:

Your committee appointed at the last session of the legislature to investigate and report as to the advisibility (1) of a separation of the county's interest in the present county building and lot from the interest of the city of Concord therein, and (2) of the erection of a new county building, have attended to their duty and beg leave to submit the following report:

Your committee, in their investigations, have found the following to be substantially the situation with reference to the said county building and lot:

The conditions under which the city and county have built and occupy the present building are shown by a stipulation on record in the Registry of Deeds office, of which the following is a copy:

AGREEMENT BETWEEN THE CITY OF CONCORD AND MERRIMACK COUNTY.

September 4, 1854.

Recorded in Merrimack County Registry of Deeds, Book 126, page 74.

Terms of agreement between the city of Concord and the county of Merrimack in relation to the erection of a building for the accommodation of said city and county respectively:

Said building is to be located on these premises in said city. All the land owned by the county adjoining the present court-house and all the adjoining land owned by the city conveyed to it by John Noyes and Nathan Stickney, together with such other land as said city may hereafter purchase for the same purpose, shall be used and occupied as a site for said building and open grounds connected therewith, and at no time hereafter while said building shall be maintained as herein provided shall any other building be erected upon or any other use other than as a site for said building and upon grounds connected therewith be made of any part of all said premises by said city or county without the joint assent of both.

The building is to be commenced and completed as soon as practicable, under the direction of the undersigned, representing said city and county respectively, according to the plans and specifications prepared by J. L. Foster, with such additions and alterations as may hereafter be mutually agreed upon by the undersigned, and said city and county are to pay each one-half of the whole cost and expense of the same.

The materials of the present brick county building are to be used in the construction of the new building, the value of the same to be reckoned at one thousand dollars in determining the cost of the building, and the county to be allowed therefor accordingly.

The rooms in the building when completed are to be occupied by the city and county respectively as designed in the outline plans thereof hereto annexed. The rooms marked Mayor and Aldermen, City Clerk, Common Council and City Hall by the city, and those marked Reg. Deeds, Reg. Probate, Clerk Court, Grand Jury, Petit Jury, Judge's Room and Court Room by the county, and the rooms occupied by each are to be under the exclusive control of the party so occupying, provided, however, that the city is to have the right to use the

Grand Jury and Petit Jury rooms adjoining when they are not needed for the use of courts in session.

The room designated as the library and all other parts of the building not included in the above allotment are to be used as may from time to time be agreed by the city and county.

The city and county are each at its own expense to fit up the rooms occupied by it and to make all repairs which may hereafter become necessary within such rooms.

All those repairs on those parts of the building common to both city and county, generally all those repairs not hereinbefore otherwise provided for, are to be made by the city and county jointly, each bearing one-half of the expense.

Said city is at its own expense to properly grade and finish off the grounds about the building, and the future care, management and improvement of all said grounds are at all times hereafter to be with said city, and the city is to have the right at all times hereafter to improve and ornament them as public grounds for the resort of its citizens in such a way as it may fron time to time think proper, subject, however, to the conditions hereinbefore mentioned and not interfering with suitable and convenient access to and use of said building for the purposes for which it is designed and provided further that all the same shall be done by the city at its own expense.

This is to be recorded in the Registry of Deeds for said county for future reference. In witness of all which the undersigned have hereunto set their hands in behalf of said city and county respectively this fourth day of September, one thousand, eight hundred and fifty-four (1854).

[Signed]

JOSEPH LOW, JOSIAH MINOT,
RICHARD BRADLEY, JOSEPH B. WALKER,
N. B. BAKER, JOHN ABBOTT,

Committee for City of Concord.

JOHN WOODBURY, AARON WHITTEMORE,

Committee for Merrimack County.

The land comprising the present court-house lot is owned by the city of Concord and the county of Merrimack in approximately the proportion of four to one. That is to say the city owns about four times as much of this land as does the county. All the land owned by the county in said lot lies east of a line drawn about twenty-five feet west of the present court-house building, from Court Street on the north of said building to Pitman Street on the south of said building. The city's interest in the lot east of said line amounts to 39,346 square feet, as shown by records in the Registry of Deeds office and according to a plan furnished by the city engineer of the city of Concord.

After several conferences between your committee and a like committee representing the city of Concord, a proposition has been made by the said committee representing the city of Concord, subject to the approval of the city government, and the county convention, to sell to the county all the city's interest in the present building and so much of the land in said lot as lies east of said line drawn from Court Street to Pitman Street and coincident with the western boundary line of the lots owned by the county. Your committee has made careful investigation as to the value of this interest of the city of Concord and have consulted the best expert opinion as to the value of the real estate, and it is their opinion that the price set by the city upon their interest in the building and land aforesaid, which is $20,000, is a reasonable price.

Your committee are fully agreed upon the following facts:

1. That the present court house building is unsuitable and inadequate for the purposes of a county building under said agreement providing for a joint occupancy with the city of Concord.

2. That it is advisable for the county to own a county building for court-house and other county purposes, together with the land on which it is built and suitable and convenient approaches thereto.

3. That it is advisable for the county to purchase the inter-

est of the city of Concord in the present building and such portion of the lot as lies east of a line coincident with the western boundary line of lots conveyed by Susan Stickney to Merrimack County and Richard Bradley to Merrimack County and extending from Court Street on the north of said building to Pitman Street on the south of said building, together with the interest of the city of Concord in the present building, the purchase price of said interest of the city in said land and building to be twenty thousand dollars, said sum to be paid upon delivery of possession.

4. That, inasmuch as it will be approximately two years before the city of Concord can deliver possession of its interest in said building and land to the connty of Merrimack, it is inexpedient for the county at this time to take any action with reference to remodeling the present building or the erection of a new one.

Your committee would therefore offer the following resolution and move its adoption by the convention:

Resolved, That the county commissioners are hereby instructed to accept, on behalf of the county of Merrimack, the proposition submitted by the city of Concord for a sale of all the right, title and interest of said city in the present courthouse building and so much of the land comprised in the courthouse lot as lies east of a line coincident with the western boundary line of lots conveyed by Susan Stickney to Merrimack County and Richard Bradley to Merrimack County and extending from Court Street on the north of said building to Pitman Street on the south of said building; that said commissioners be instructed to accept deeds of conveyance of said interest, and that the sum of twenty thousand dollars be, and the same is hereby appropriated for this purpose, to be raised by said commissioners by the issue of bonds of the county bearing interest at a rate of not more than four per cent.

Respectfully submitted,

SHERMAN E. BURROUGHS,

For the Committee.

The question of a quorum being raised, the roll was called by the clerk and, only twenty-one members being present and answering to their names, the chair declared no quorum present, and on motion a recess was taken to one-thirty p. m.

Notice to Overseers of the Poor.

To the Overseers of the Poor of the cities and several towns in Merrimack County:

Your attention is directed to an Act of 1897, in amendment of Section 6 of Chapter 83 of the Public Statutes of New Hampshire, as follows, viz.:

"No town shall be liable for the support of any person, unless he, or the person under whom he derives his settlement, shall have wholly gained a settlement therein during the ten years last preceeding the date of application for support."

Also Sections 2, 5 and 6 of Chapter 85 of the Public Statutes, as follows:

Sec. 2. The County Commissioners may make needful orders and regulations for the removal of county paupers to the county poor farm, or any other place by them designated; and no town shall be entitled to compensation for the support of a county pauper after notice of and neglect to comply with such order.

Sec. 5. The Overseers of the Poor shall take and transmit to the County Commissioners, within thirty days after the expenditures were made, the affidavit of every pauper on whose account they were made, if the pauper is capable, otherwise of some well informed person, as to the pauper's age, place of birth, places of residence, time of residence in each place, and the time when and the place where he or any of his family have been relieved or supported.

Sec. 6. It shall be the duty of the County Commissioners to contract with the Overseers of the Poor of a town for the support of any county paupers therein who have resided for a long time or have local associations in such town and desire to remain there, if it is thought best to do so, and the cost of such support *will not exceed one dollar and fifty cents a week* for each pauper.

We would also call your attention to Chapter 84, Sections 9, 10, 11, and request you to see that the provisions of said statutes are complied with before furnishing aid at the expense of the county.

PUBLIC STATUTES.

Chapter 84.

Laws in relation to aid furnished to indigent soldiers, and providing for entrance to the Soldiers' Home in certain cases.

Sec. 9. Whenever any person resident in this state, who enlisted in the quota in this state and was reckoned and served as a soldier or sailor from New Hampshire in the army or navy of the United States in the War of the Rebellion and who received an honorable discharge, not being under guardianship or legal restraint, shall become poor and unable to provide maintenance for himself and dependent family, such person, his wife, widow or minor children, or such of the children as are unable to maintain themselves, shall be supported at the public expense in the town or city of their abode, at their own home or any such place, other than a town or county almshouse, as the overseers of the poor or county commissioners shall deem right or proper, but no person shall receive aid under the provisions of this section unless he has resided in this state three years or more before making application for such aid; and no person shall, while receiving aid under the provisions of this section, use intoxicating liquor to an extent which shall render him incapable of working at his usual occupation; and no person receiving aid under the provisions of this section shall sell any article furnished him, nor exchange them for intoxicating liquors, nor share any such aid with any persons

other than those above named as being entitled to the benefit of these provisions. Any person receiving aid under the provisions of this section, who receives a pension from the United States government, shall, while receiving such aid, apply the pension to the support of himself and dependent family and shall, when requested, furnish to the overseers of the poor or county commissioners satisfactory proof that such pension has been so applied. Any person applying for such aid shall, when requested, furnish to the county commissioners or the overseers of the poor the certificate of a reputable physician, resident in the county in which he lives, as to the incapacity on his part to perform manual labor. Neglect by any person applying for or receiving aid under the provisions of this section to comply with the foregoing provisions and conditions of this section so far as such person is concerned, and such person may be supported at the town or county almshouse.

SEC. 10. The expense of support furnished under the provisions of the preceeding section shall be kept and reported in a separate account under the head of "Aid furnished to dependent soldiers and their families," and not in the general pauper account, but shall be recoverable of the person, town or county liable therefor as in other cases.*

SEC. 11. The county commissioners or the overseers of the poor of any town may require any person applying for aid under the provisions of section 9 of this chapter, who is eligible for admission, to make application for admission to the New Hampshire Soldiers' Home, in case he has no family or settled place of abode, whenever in their discretion they deem it best; and if such person refuses to make such application, or if admitted refuses to go to said Soldiers' Home, the county or town shall be relieved from the provisions of the preceeding sections so far as such person is concerned, and he may be supported at the county or town almshouse.

*This section was passed by the house and senate, but was omitted from the engrossed bill. Such references are made to it in the engrossed bill that it is evident the legislature intended it should be a part of the law.

AID TO PERSONS QUARANTINED.

It sometimes becomes necessary to assist a family when quarantined on account of scarlet fever, diphtheria, etc., by reason of its being deprived of the opportunity to earn wages, or from other causes, and to provide for which the following law was enacted by the legislature, and approved March 11, 1899.

SEC. 1. Whenever any person or family is placed in quarantine by a board of health, to protect the public against smallpox, scarlet fever, diphtheria or any other dangerous, infectious or contagious disease, it shall be the duty of said board to assist such person or family while in quarantine in such manner as in the judgment of the board may be deemed wise or necessary.

SEC. 2. All expenses thus incurred, or such part thereof as the board may determine, shall be deemed a legitimate expenditure for the protection of the public health and shall be charged to the account of incidental expenses, but not to any indigent or pauper account; nor shall such expenditure be construed to mean a public aid to the person or persons so quarantined and assisted, unless such person or persons are already paupers as defined by the Public Statutes.

☞The law would seem to solve, in a thoroughly satisfactory way, a question which heretofore has been considerable of a problem in some localities. The entire matter is left to the judgment of the local board of health, and whatever aid the board may deem to be wise and necessary to extend to the families in question must be paid by the town and charged up as provided for in section 2.

COMMISSIONERS' REPORT.

To the Citizens of Merrimack County:

The commissioners of Merrimack County herewith submit the annual reports, as required by the laws of the state of New Hampshire, of treasurer, superintendent of the county farm and house of correction, clerk of supreme court, sheriff, jailor, solicitor, farm physician and auditors for the year ending December 31st, 1901.

FARM.

The improvements and repairs at the farm which were contemplated by the former board of commissioners, and other improvements that the present board deemed necessary, have been completed.

The contract for wiring and furnishing lamps, etc., for the electric lighting system (which was commenced last year) has proved an improvement that fully justifies the expense. The large lights outside have been a great convenience for the help in attending to their duties about the buildings.

Two large inclosures outside of the asylum have been built for the insane, so that they could have fresh air and exercise, a privilege that they seemed to enjoy very much during the warm weather.

The gravel from the large, unsightly knoll south of the farm-house (more than three thousand yards) has been moved and used for grading the lawn in front of the house, making a large lawn sloping gradually to the street.

In addition to the grading done, there has been several hundred feet of cobble-stone ditches set along the roadside and driveway to the house; also one hundred and forty feet of eighteen-inch granite curb-stone, set to replace the narrow one which was insufficient to protect the concrete in front of the house.

A piggery, one story and basement, fifty by thirty feet, has been built, filling the space between the horse stable and slaughter-house, large enough to accommodate the breeders and to fatten hogs, as the only place they have had was under the stables, where it was impossible to keep them warm, clean and comfortable, and at a small expense an arrangement has been made for cooking and warming their food by steam from the boiler-house.

The bushes in a pasture of forty acres have been cut, which makes it much more valuable for pasturing.

The large barn, horse stable and out-buildings have been painted.

Most of the work of the above improvements, i. e.: The inclosure for the insane, moving the gravel, grading the lawn, laying the cobble ditches and curb-stones, building the piggery, painting the buildings and cutting bushes, was done by inmates that were sentenced to the house of correction who were not needed for farm work; those that were better adapted to do farm work were employed on the farm, under the direction of Mr. Sawyer, the assistant farmer, in raising fifteen hundred bushel of corn, eleven hundred bushel of potatoes, filling two large silos, raising a large amount of vegetables, cutting and drawing wood, and other necessary work about the farm.

The atrocious murder in the immediate vicinity of the farm and the unfortunate fire (cause unknown) which destroyed the main buildings on Nov. 16th made it necessary to change the management of the inmates. The insane were placed at the New Hampshire state hospital at Concord, and as many of the prisoners at the farm as could be accommodated there were taken

to the Merrimack County jail. The other county charges at the farm were moved to the asylum buildings across the street.

Two temporary kitchens have been fitted up (one each for inmates and the family) with storerooms and pantries and an additional stairway and elevators to convey food to the floor above, with what more electric lights that were needed. The workshop over the boilers is used for the dining room for the men, which is warm but very inconvenient as the food has to be carried from the inmates' kitchen in the asylum.

Although somewhat crowded, with the good management and tact of our able superintendent and wife, assisted by the competent help employed, the inmates are made as comfortable as could be expected under the circumstances.

The expense to the county for board of the insane at the New Hampshire state hospital is four dollars, fifty cents, per week, clothing extra.

The prisoners' board, clothing and other expenses at the jail will amount to about three dollars per week.

The cost of support for 1900 was . . .	$31,947 20
The cost of support for 1901 was . . .	29,324 34
A decrease of	$2,622 86
The cost of supporting dependent soldiers and their families for 1900	$7,170 78
For 1901	6,978 21
A decrese of	$192 57

INDEBTEDNESS.

The net indebtedness of the county was:

December 31, 1900	$54,648 07
December 31, 1901	46,547 10
A decrease of	$8,100 97

The commissioners extend their thanks to the ladies of the W. C. T. U. of Concord and Franklin for their kindly visits and the many remembrances so highly appreciated by the inmates.

Mrs. Nathaniel White of Concord is deserving of many thanks for her continued generous gifts to the inmates at Christmas.

EXPENSE OF MAINTENANCE.

The amount of orders drawn against the farm for 1901 was	$25,922 74
Take from this amount the extra expense caused by the fire Nov. 16, which was . .	$2,557 64
Number of weeks' support furnished . .	9,360–¼–
Cost of supporting the inmates and premises has been per week	$2 07–¼–

The report of the farm inventory shows an increase from last year, all the crops being nearly double of last year. For an accurrate account of produce raised we call your attention to the report of the superintendent of farm.

INMATES AT FARM.

There has been a decided increase in the number of inmates at the farm the past year, the average number being about 180. We have removed a number from the towns to the county farm, where we feel they could be better cared for, and thus far everyone seems well pleased with their change.

Dr. H. C. Holbrook of Penacook, the county physician, has attended to the unfortunate sick and, by his long service at the farm, he has thoroughly acquainted himself with the ailments of the inmates. The interest manifested by the doctor in the poor and feeble has been a source of gratification to all concerned in their welfare.

COUNTY POOR AWAY FROM THE FARM.

Caring for the county poor off the farm is a difficult matter for the commissioners to deal with. There are quite a number of old people supported off the farm who would have very much better care and be made more comfortable in every way, also have the attendance of a physician as often as needed, if they would consent to go to the farm. There are many other worthy families that are unable to wholly support themselves and with a little aid can get along and keep their families together. And there are many families where the husband spends his earnings in drink and other vices and leaves his family to take care of themselves. As they are unable to do so, if the county did not help them their wives and children would suffer for food and clothing. This class of paupers is increasing every year, and there is no remedy for it unless the law is enforced, i. e.: to have them arrested and compelled to work and their earnings used towards the support of their families. Under our pauper laws the city and town poor are continually becoming county charges, and the result is making it less expensive for them and more so for the county. We wish to extend our thanks to the overseers of the poor in the different towns for faithfully fulfilling their duty in looking after the wants of the above class of paupers.

JAIL.

The jail proper has required no special repairs, nothing being necessary except the ordinary spring cleaning and whitewashing.

The sheriff's quarters were found in poor condition, plastering off walls and ceilings, paper torn and disfigured, roofs leaking. We also found the roofs of the stable and outbuildings must be repaired. The fences around the jail land were in a straggling condition ; a few posts and boards in some parts, other parts nothing. We were obliged to repair the roofs and plastering, paint all the buildings two coats inside and outside, and paper the house throughout. The fences, except those

around the garden and the one at the walk leading from Warren street to the building were removed, and the brush cut and burned or carted away from the premises. All agree that these improvements made a remarkable change for the better in that vicinity. There was little or no crockery or dishes, and the beds and bedding in the jail were worthless. These repairs and furnishings we found very necessary, and proceeded at once to supply them, at a cost of $649.89. We feel there will not be need to expend any money on these buildings for a number of years.

The institution has been under the management of Mr. and Mrs. Fred M. Eaton, and we are satisfied that they are doing all that can be done to make the unfortunate as comfortable and happy as it is possible to make them, and by their judicious management and watchful care for the comfort of those under their charge, the commissioners are well satisfied and tender to them our sincere thanks.

We also desire to thank all the assistants at the institution for their faithfulness and co-operation with Mr. and Mrs. Eaton.

The auditors of the County of Merrimack report that after examination of the books and vouchers of the county treasurer for the quarter ending December 31, 1901, together with the cash on hand October 1, 1901, ($3,986.38), they find the receipts have been $90,374 13
expenditures on orders drawn by court and county commissioners 55,038 45

leaving in treasurer's hands January 1, 1902 . . $35,335 68

They have examined the accounts of the county commissioners for the aforesaid quarter and find the same correctly cast and proper vouchers for all expenditures. They believe these purchases have been made at reasonable prices and all have been used for county purposes.

The accounts of Fred M. Eaton, superintendent of the county farm, show that his receipts from all sources due the county for the quarter ending December 31, 1901, have been $1,040.96. This money he has paid to the treasurer, Frank L. Gerrish, and has his receipts for the same.

CHAPLAIN'S REPORT.

BOSCAWEN, N. H., February 7, 1902.

To Commissioners of Merrimack County,

GENTLEMEN: In handing you the chaplain's report of the county farm for the year 1901, it gives me pleasure to say that the services up to the time of the fire have been better attended and also more helpful in various ways to the inmates than a year ago. The duties pertaining to the office of chaplain have been faithfully attended to apart from preaching.

The members of the family have been especially faithful in attendance upon the preaching services, while the prisoners have given very marked attention and respect to all religious services.

The aged and sick have been visited Sunday afternoons in connection with the usual service of preaching, which is once in two weeks. It was a joy they anticipated very much, a kind word and a helpful message cheered up many a tired life.

During the past year I have conducted four funeral services in connection with the duties of chaplain.

While we may not see great results from our work among the class of people found in such an institution, we have reason to believe that help has been given men and women who have been sent there to go back into the world to try and live better lives through influences at the farm.

I wish to thank the commissioners, superintendent, matron and all others who have helped to make the services helpful and interesting.

Yours very respectfully,

ANDREW GIBSON, *Chaplain.*

To the County Commissioners for the County of Merrimack:

Abusing female child	2
Aggravated assault	1
Assault with intent to rape	2
Assaulting an officer	2
Breaking and entering	10
Crime against nature	1
Disorderly house	1
False pretense	6
Fornication	3
Larceny	9
Larceny from the person	3

Neglect to support minor child	1
Peddling without a license	1
Poisoning domestic animals	2
Rape	1
Receiving stolen goods	1
Soliciting one to commit murder	1
Violation of liquor laws	61
Violation of game laws	1

At the April term of court:

One respondent was tried for aggravated assault and found not guilty.

One was tried for keeping disorderly house and found not guilty.

One was tried for abusing female child and found guilty.

At the same term George H. Greenleaf, after two trials on the charge of rape, was found guilty of aggravated assault and sentenced to one year at the House of Correction at North Boscawen. Greenleaf was a one-armed man and previously for several years had spent part of each year at the county farm as a pauper. The offence of which he was convicted was not a State's prison crime and he was sentenced to the House of Correction, as at that place his labor was of some value to the county.

At the October term:

One respondent was tried for violation of the liquor law and the jury disagreed.

At the same term William Stirling of Boston was tried for getting lumber at Northfield under false pretenses and was found guilty, and is now in jail awaiting sentence.

Seven convicted of different crimes have been sent to State's prison, terms varying from one year to twenty years.

Seven have been sentenced to Jail for from three months to one year.

One has been sent to the Asylum on the plea of insanity.

Four have been sent to the House of Correction.

Twenty have been sentenced to pay one or more fines for violation of the liquor law.

At the April term of court 57 indictments for violation of the liquor laws were found against twenty respondents.

Notice to Overseers of the Poor.

To the Overseers of the Poor of the cities and several towns in Merrimack County:

Your attention is directed to an Act of 1897, in amendment of Section 6 of Chapter 83 of the Public Statutes of New Hampshire, as follows, viz. :

"No town shall be liable for the support of any person, unless he, or the person under whom he derives his settlement, shall have wholly gained a settlement therein during the ten years last preceeding the date of application for support."

Also Sections 2, 5 and 6 of Chapter 85 of the Public Statutes, as follows:

Sec. 2. The County Commissioners may make needful orders and regulations for the removal of county paupers to the county poor farm, or any other place by them designated ; and no town shall be entitled to compensation for the support of a county pauper after notice of and neglect to comply with such order.

Sec. 5. The Overseers of the Poor shall take and transmit to the County Commissioners, within thirty days after the expenditures were made, the affidavit of every pauper on whose account they were made, if the pauper is capable, otherwise of some well informed person, as to

the pauper's age, place of birth, places of residence, time of residence in each place, and the time when and the place where he or any of his family have been relieved or supported.

SEC. 6. It shall be the duty of the County Commissioners to contract with the Overseers of the Poor of a town for the support of any county paupers therein who have resided for a long time or have local associations in such town and desire to remain there, if it is thought best to do so, and the cost of such support *will not exceed one dollar and fifty cents a week* for each pauper.

We would also call your attention to Chapter 84, Sections 9, 10, 11, and request you to see that the provisions of said statutes are complied with before furnishing aid at the expense of the county.

PUBLIC STATUTES.

Chapter 84.

Laws in relation to aid furnished to indigent soldiers, and providing for entrance to the Soldiers' Home in certain cases.

Sec. 9. Whenever any person resident in this state, who enlisted in the quota in this state and was reckoned and served as a soldier or sailor from New Hampshire in the army or navy of the United States in the War of the Rebellion and who received an honorable discharge, not being under guardianship or legal restraint, shall become poor and unable to provide maintenance for himself and dependent family, such person, his wife, widow or minor children, or such of the children as are unable to maintain themselves, shall be supported at the public expense in the town or city of their abode, at their own home or any such place, other than a town or county almshouse, as the overseers of the poor or county commissioners shall deem right or proper, but no person shall receive aid under the provisions of this section unless he has resided in this state three years or more before making application for such aid; and no person shall, while receiving aid under the provisions of this section, use intoxicating liquor to an extent which shall render him incapable of working at his usual occupation; and no person receiving aid

under the provisions of this section shall sell any article furnished him, nor exchange them for intoxicating liquors, nor share any such aid with any persons other than those above named as being entitled to the benefit of these provisions. Any person receiving aid under the provisions of this section, who receives a pension from the United States government, shall, while receiving such aid, apply the pension to the support of himself and dependent family and shall, when requested, furnish to the overseers of the poor or county commissioners satisfactory proof that such pension has been so applied. Any person applying for such aid shall, when requested, furnish to the county commissioners or the overseers of the poor the certificate of a reputable physician, resident in the county in which he lives, as to the incapacity on his part to perform manual labor. Neglect by any person applying for or receiving aid under the provisions of this section to comply with the foregoing provisions and conditions shall relieve the town or county liable for such person's support from the provisions of this section so far as such person is concerned, and such person may be supported at the town or county almshouse.

SEC. 10. The expense of support furnished under the provisions of the preceeding section shall be kept and reported in a separate account under the head of "Aid furnished to dependent soldiers and their families," and not in the general pauper account, but shall be recoverable of the person, town or county liable therefor as in other cases.*

SEC. 11. The county commissioners or the overseers of the poor of any town may require any person applying for aid under the provisions of section 9 of this chapter,

*This section was passed by the house and senate, but was omitted from the engrossed bill. Such references are made to it in the engrossed bill that it is evident the legislature intended it should be a part of the law.

who is eligible for admission, to make application for admission to the New Hampshire Soldiers' Home, in case he has no family or settled place of abode, whenever in their discretion they deem it best; and if such person refuses to make such application, or if admitted refuses to go to said Soldiers' Home, the county or town shall be relieved from the provisions of the preceeding sections so far as such person is concerned, and he may be supported at the county or town almshouse.

AID TO PERSONS QUARANTINED.

It sometimes becomes necessary to assist a family when quarantined on account of scarlet fever, diphtheria, etc., by reason of its being deprived of the opportunity to earn wages, or from other causes, and to provide for which the following law was enacted by the legislature, and approved March 11, 1899.

SEC. 1. Whenever any person or family is placed in quarantine by a board of health, to protect the public against smallpox, scarlet fever, diphtheria or any other dangerous, infectious or contagious disease, it shall be the duty of said board to assist such person or family while in quarantine in such manner as in the judgment of the board may be deemed wise or necessary.

SEC. 2. All expenses thus incurred, or such part thereof as the board may determine, shall be deemed a legitimate expenditure for the protection of the public health and shall be charged to the account of incidental expenses, but not to any indigent or pauper account; nor shall such expenditure be construed to mean a public aid to the person or persons so quarantined and assisted, unless such person or persons are already paupers as defined by the Public Statutes.

☞The law would seem to solve, in a thoroughly satisfactory way, a question which heretofore has been considerable of a problem in some localities. The entire matter is left to the judgment of the local board of health, and whatever aid the board may deem to be wise and necessary to extend to the families in question must be paid by the town and charged up as provided for in section 2.

COMMISSIONERS' REPORT.

To the Citizens of Merrimack County :

The Commissioners of Merrimack County herewith submit the annual report of county commissioners, treasurer, superintendent of the farm and house of correction, clerk of the supreme court, sheriff, jailer, solicitor, farm physician and auditors for the year ending December 31, 1902.

JAIL.

The addition to the jail, the contract for which was signed Dec. 9, 1901, was not ready for occupancy until Oct. 20, 1902. The delegation appropriated $5,000 for the construction of the building. We advertised for bids in the local papers and received three. Danforth & Forrest of Concord were the lowest bidders, and built the addition for $3,630.70.

The delegation at a later meeting appropriated $5,000 for the furnishing of twelve steel cells. We wrote several parties who manufacture this class of goods and received two bids the lowest of which came from The Pauly Jail Building and Manufacturing Co. of St. Louis.

The cells are of the latest and most approved design in every particular. There are six cells on either side, one or all of which can be opened and closed by a lever

from the jailer's corridor without coming in contact with the prisoners. We consider this the best equipped and safest jail in the state. The sanitary arrangements and ventilation are of the latest approved design. The floor is of granite one foot in thickness laid in cement mortar; on top of which is four inches of cement concrete, which makes a very smooth floor and one easy to be kept clean.

The contract price for the building, steel cells and piping for heat, etc., was $8,893.68. Buildings, fence, grading around the building together with some small changes in the sanitary department cost $162.33 above the first contract price, making the total amount paid out for the entire construction $9,056.01, leaving a balance of $943.99 in the hands of the treasurer.

THE NEW ALMSHOUSE.

At a meeting of the delegates of Merrimack County, March 4, 1902, it was voted to appropriate a sum not exceeding thirty thousand dollars ($30,000) including money received from insurance, to build and furnish a new almshouse to replace the one burned.

Mr. Oliver was selected to make the plans. The commissioners then called for bids. The lowest of the three received was Danforth & Forrest's, but all were rejected on account of exceeding the appropriation.

The commissioners then suggested changes that might be made in the plans to bring the cost down, and called a special meeting of the county delegates for June 4, 1902, at which time the proposed changes were explained to them. After discussing the matter at some length it was decided by the convention to make an additional appropriation of twelve thousand dollars ($12,000) and leave the matter to the commissioners to make what

changes they thought best. After studying the plans, they decided that some things could be left out of the original plans without detriment to the building, and again asked for bids to build and complete the building according to the changed plans and specifications. Of the bids received, Danforth & Forrest's was the lowest, thirty-six thousand, six hundred and thirty ($36,630,) two thousand sixty ($2,060) less than their first bid, and the contract was given to them.

The building is nearly completed, and will be ready for occupancy by the first of February.

The building for the laundry (which was the unanimous opinion of the delegation should be placed in the rear of the main building) has not yet been built, but we already have plans and specifications for same. To build one of brick, one story, 25x30, will cost five hundred fifty ($550) and we have proposals to equip the same in running order with modern machinery, for eight hundred and sixteen dollars ($816.)

When this is completed we shall have one of the best institutions of the kind in the state.

The W. C. T. U. of Franklin still continue to visit the inmates of almshouse and by the many ways they try to interest them, and their kind remembrances they add greatly to the pleasure of those not so fortunate as themselves, for which we wish to return our sincere thanks.

We wish to return our thanks to the State Board of Charities and Corrections, for their recommendations and suggestions in reference to the new almshouse at North Boscawen. One of the most important was the erection of the laundry outside, in the rear of the main building.

The services of Mr. and Mrs. Eaton have been retained for the past year and we consider that the county was

very fortunate in securing such kind and able officials. Their assistants have remained about the same.

The production of the farm has increased very materially, and we are satisfied that the institution has been well managed.

EXPENSE OF MAINTENANCE.

Amount of orders drawn against the farm for 1902 was	$19,967 29
Take from this amount the amount sold from the farm and due the farm .	7,727 19
Balance against the farm, .	$12,240 10
Number of weeks support furnished, . .	5,548 00
Cost of supporting the inmates and premises has been per week, ...	$220 00

The report of the farm inventory shows an increase from last year. For an accurate account of produce raised, we call your attention to the report of the superintendent of farm.

H. C. Holbrook, M. D., of Penacook has continued to administer to the wants of the afflicted at the farm. It is our purpose to furnish good medical attendance, and nurses for this class of unfortunates.

COUNTY POOR AWAY FROM THE FARM.

The aid furnished the poor at their homes has increased the past year. There are many if they were willing to go to the farm that we are satisfied would have very much better care than is possible for them at home.

We wish to thank the overseers of the poor for their co-operation, for the above class of poor come directly under your care.

SOLICITOR'S REPORT.

To the Commissioners of the County of Merrimack:—

GENTLEMEN:—I submit the following report of the office of County Solicitor for the year 1902.

At the April term thirty-seven indictments and and at the October term twenty-four were returned by the Grand Jury.

Assaulting an officer,	1
Aggravating assault,	1
Attending cock fight,	3
Bigamy,	1
Breaking and entering,	5
Concealing mortgaged property,	1
Forgery,	2
Horse stealing,	2
Larceny,	7
Larceny from the person,	1
Perjury,	1
Over-driving a horse,	1
Unlicensed dog,	1
Violating liquor law,	30

On October 23, 1901, Nancy J. Folsom was found unconscious by the side of the "Cat Hole" road in Boscawen with her skull crushed in and died the same evening without regaining consciousness.

Investigation showed that she had been murderously assaulted.

A special Grand Jury was convened by the court on November 7th, and the Grand Jurors returned an indictment against George H. Greenleaf of murder in the first degree for the killing of Mrs. Folsom.

Charles F. Flanders, Esq., and N. E. Martin, Esq., were assigned by the court as counsel for the respondent.

On motion of the respondent the Venue was changed to Belknap county and the trial was held at Laconia, beginning Monday, February 3, 1902, and the case was submitted to the jury the next Saturday night, and Monday morning a verdict of guilty of murder in the first degree was returned by the jury, and the respondent was sentenced to be executed February 13, 1903.

Numerous exceptions were taken by the respondent's counsel during the trial, and on December 30, 1902, the supreme court handed down an opinion setting aside the verdict, and the case now stands for re-trial in the superior court for Belknap county.

There were no criminal trials at the April term of court. At the October term, one Tillman Melanson was tried for larceny from the person and acquitted.

One Henry Strickland, was tried for over-driving a horse and resulted in a disagreement of the jury. One respondent was committed to jail for the term of ten months, one for eight months and two for six months and one for three months and two for one month.

Six have been sentenced to pay one or more fines for the violation of the liquor law.

Two suits have been brought against the county ; one by the town of Loudon, and one by the town of Danbury to recover expenses for paupers quarantined by the board of Health in the respective towns.

As the liability of the county was in doubt under Chapter 100, Sec. 2 of the session law of 1899 and the facts also were questioned, each case was tried and as the facts were the same in each case, the suit of Loudon against the county was transferred to the supreme court to settle the question of the county's liability and the court held that the county should pay for the necessary support of the persons in quarantine.

There are no other suits pending by, or against the county.

DAVID F. DUDLEY, *Solicitor.*

Concord, January 2, 1902.
